# Give your child a brighter future.

Dear Future Students and Families,

Catholic schools transform lives. If you are looking for a high school that radiates the person of Jesus Christ, delivers academic excellence, emphasizes the partnership between a family and a school, and prioritizes educating the whole person, then you have the right guide in your hands.

The effects of Catholic schools last a lifetime. Our graduates are more likely to actively participate in their faith, more civically engaged and more committed to service as adults. It is truly an investment in the life of a young person. As a father with five children currently in a Catholic school, I regularly witness the gifts of faith, the practice of virtues, and the desire of dedicated teachers and administrators who work to draw out the potential for holiness for each of my kids. Now, with scholarship opportunities like Ohio's EdChoice Scholarship Program and Scholarship Granting Organizations like the Catholic Education Foundation of the Archdiocese of Cincinnati, this investment in your child's formation of a lifetime has never been more affordable.

Please use this guide as the initial step to prayerfully discern the best Catholic school for your child. Each listed institution has a unique charism and culture which helps to produce innovative programs and distinct activities that combine for the right fit for each child. We look forward to partnering with you and welcoming your family into one of our Catholic high schools!

In Our Lady,

Matthew Daniels

Superintendent of Catholic Schools
